

## Project Design Phase

### Solution Architecture

Date	25 july 2025
Team ID	PNT2025TMID14588
Project Name	Visualizing Housing Market Trends: An Analysis of Sale Prices and Features using Tableau
Maximum Marks	4 Marks

#### Solution Architecture:

- **Identify optimal technology** solutions to analyze housing market data effectively
- **Describe system structure and characteristics** for data processing and visualization
- **Define development phases** for the analytics pipeline
- **Provide specifications** for data management and delivery of insights

#### Example - Solution Architecture Diagram:
